CREEDON IN NINE ROUNDS.

WHIPPED DICK O'BRIEN AT THE BROADWAY ATHLETIC CLUB.

Though O'Brien Was Not Knocked Out, Creedon Demonstrated That He Was the Better Man-Other Sport News.

New York, Dec. II .- At the Broadway Athletic Club to-night, Dan Creedon, of Australia, outfought and outpointed Dick O'Brien, of Boston, in nine rounds, From the beginning of the bout until the referee Interfered and stopped the mill, when the minth round had nearly expired, the work of both men was very rapid, and they worked so hard that during the last three rounds one good blow would have settled the contest. Creedon was undoubtedly the Letter man, and there was not a word of protest uttered when the referee gave his fiat. There were about 3,500 persons pres-

ent in the club house to see the fight.

Preliminary to the big light, Eddie Curry,
of New York, and Billy Whistler, of Philadelphia, 130 pounders, sparred ten hot rounds. Curr, got the decision, and a large majority of the audience hissed the referse vehimently.

O'Brien was the first to make his appear-

have for the star bout of the right. He was accompanied by his seconds, Danny McBride, "Scotty" Faulkner, Tom McGrath and Jack Burns, Creedon followed him a minute later and esquired by Jem Mace, Solly Smith and Benny Marphy. The men were announced to go twenty rounds at catch weights, Both men showed the results of the property. the results of faithful training. When they shook hands at 2:40 o'clock Creedon easily had the advantage of height and

Round 1-Both opened with light lefts on face. They then mixed it up with left jates on face and rights on body. Creedon sent the left to the head and body. O'Brien landed a left on body. Creedon replied with the left on the face. O'Brien alammed right and left on the head and forced Cree-don back. After this he planted two good

letts on the face without return. Round 2-They blocked cleverly until O Brien landed a right swing on the back of the head. They then swung rights and lefts on face and neck without a let-up for a half minute. Neither man showed any effects from this rapid work at the

Round 3-O'Brien opened with a 'eft on the face and a right on the neck. Creedon jabbed a left on the face; Creedon sent his left hard on the face and O'Brien did the same. O'Brien swung for the jaw but fell short and Creedon placed his right glove on the cheek. Both jabbed lefts on the

Round 4-Creedon opened with a left jab on the face. O'Brien swung his right on head and jabbed left on ear. Creedon landed a heavy right on neck but the blow did not stagger O'Brien. Creedon uppercut with the left on the neck, but O'Brien was still ready for him. Creedon sent right to the neck and left on the wind. O'Brien landed a left on face and swung a right on

rounds the fighting was fast. Both men landed often on face and body, but the blows were ineffective. At the end of the eighth both were seemingly very tired and a good blow would have finished either one. Round 9-They ran into a clinch at the start. O'Brien landed a left on the face and Creedon backed away. He came back with a left swing on the neck. Dan put three lefts on the face and O'Brien landed a left on the face. Creedon kept up a con-tinuous slugging with both hands on O'Brien's head and O'Brien leaned over the Australian to avoid punishment. Dan still kept smashing O'Brien with both hands on the head and face relentlessly. O'Brien was unable to defend himself and the referee stopped the bout and awarded the fight to Creedon after two minutes and fif ty-eight seconds of fighting in this round.

Blood Pure?

Is it? Then take Ayer's Sarsaparilla and keep it so. Isn't it? Then take Ayer's Sarsaparilla and make it so. One fact is positively established and that is that Aver's Sarsaparilla will purify the blood more perfectly, more economically and more speedily than any other remedy in the market. There are fifty years of cures behind this statement; a record no other remedy can show. You waste time and money when you take anything to purify the blood except

Ayer's Sarsaparilla.

Arihur Irwin has announced that the To-tento Ferry Company will likely take the franchise and have all games played on the island. Many local enthusiasts have promised to take season books at \$55 each. A committee is canvassing for subscrip-tions. Irwin left for the East to-day.

ACMES WON FROM STOCKYARDS

First Half of the Bowling Tournament Closed With a Well Contested Game.

The last game in the first half of the bowling tournament was bowled on the Grand alleys last evening, with the Acmes and the Stockyards as the competing teams. The alleys were filled with enthu sizsts and followers of both teams and there was more than the usual amount of "rooting," The game, while an inter-

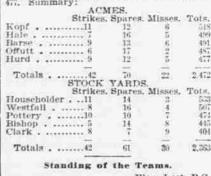

there was more than the usual amount of "rooting." The game, while an interesting and good one, both teams ending with good totals, was never in doubt after the first few frames, the Acmes getting away in the lead and remaining there from start to finish. The Stock Yards made a fine rally in the closing ten frames, but the Acmes had opened up too big a gap for them to close. The final score was 2.472 for the Acmes to 2.933 for the Stock Yards.

Householder led the Stock Yards tenm and was the high bowler of the evening, with the good score of 532, and Westfall also went over the mark, with 597, making a great finish after getting off badly. Pottery had a good average score, with 414, but Bishop was below his average and Clark was very low, with only 494.

For the Acmes Kooff was again the high bowler, with 518, and but for his misfortune in losing a ball by slipping over the line early in the game, he would have gone over 549. Hale just missed 500 by one pin, scoring 499, while Barse was a good third, with 491. Barse was the leader for a long time, but fell down in the closing frames. Offurt bowled a good game in the face of hard luck, finishing with 487, and Hurd also had a good score, though he was low man for the team, with 477. Summary:

Havana, Dec. 11.-Captain General Weyler arrived once more in this city at 5 o'clock this evening on horseback, accompanied by Lieutenant Colonel Escribano and others of his staff, and by a cavalry escort. The streets of Havana were thronged

Captain General Weyler responded that the credit for the Weyler responded that the credit for the room she attempted to escape out a wincombination which had resulted in the fall of the Cuban chief was all due to the Marques Ahumada, but the latter said he had only seconded his chief's plans.

The city is gaily decorated and illuminated to-night in honor of the captain gen-

The work of strengthening the fortifica-tion about Havana is being pushed with energy. Guns are being placed on the heights around the city, all pointing toward the sea. The fortifications of the port of Matanzas also are being strengthened.

The government sent 500 laborers to
Guanabacca to construct intrenchments

and erect new barricades as a precaution against a fresh insurgent raid. It is un-derstood that the whole town in to be inlosed within a harbed wire fence. El Diario de lo Marina, in commenting o President Cleveland's message, says, in

The president, if he is sincere in his expressions as to his impartial conduct toward Spain, should have expelled the Cuban filibustering agents from American territory long since."

The paper also disputes President Cleve-

Spain to settle hers.

### 800 CAPES AT \$1.48 Each.

It's little short of a miracle to buy a cape of any sort at this price, but when it comes to capes like these it passes into the land of magic entirely. Here's how it came about: G.
